57th YEAR

DECATUR, TEXAS, THURSDAY MORNING MARCH 25, 1937

NUMBER 12

On the Street

Mrs. W. C. Milligan found a boy's hat at Harmon Field Saturday that some youngster lost in the merry time had at the park. It is a good hat and can be had by the owner if he will see Mrs. Milligan.

Just been wondering how long it has been since the Decatur High School building was examined for gas leaks, rusty pipes, gas seepage, or something of like character that could cause a New London horror.

We are of the firm opinion that it was a great thing for King Solomon to have reigned before the days of automobiles. Just think how many back-seat drivers he would have had to listen to.—Honey Grove Signal.

The Messenger editor has been on the sick list this week, with that malady they call the flu, which makes you feel miserable every waking minute, and you can't sleep. It is all the bad maladies wrapped into one. A fact. So, if this column sounds "nutty" reader, you know the cause.

"I brought home the beans," said H. B. Rhine, who was in Wondrons Wise county Wednesday on business. Rhine moved from Decatur to Denton about five years ago, but each week nearly sees him back swapping with his old-time friends in Wise.—Denton Record Chronicle.

Sheriff Geo. Young and deputies, and County Attorney Sewell participated in two important raids the other night, capturing one counterfeiter with equipment and one dealer in can beer, and one tipsy customer. A quantity of the beer was taken, and the customer, too full for utterance, was brought to jail. The beer raid was made on the Alvord-Decatur highway, near where one was made several weeks ago.

Evangelist John R. Rice of Dallas is in Decatur, delivering a series of soul-arousing sermons; the kind that goes down deep, and makes you think. John R. is no stranger to the people of Decatur and Wise county, and he will be remembered as starting the first revival in the town for the Fundamental Baptist church several years ago. You are invited to attend this revival now going on at the Fundamental Baptist church on South State Street. Pastor Scott Hickey is assisting in the meeting.

That fellow, Petty, mayor of the little town of Boyd, is a go-getter, and he has behind him a bunch of fellows who do things in a big way. The next thing you know, with one of the best water-works systems in the county, Boyd will have a city hall and fire station. Petty tells Messenger editor that Wise county can get big assistance from the government in the promotion for a Wise county fair, if we will band together and go after the assistance. Let's get that Petty and Boyd citizens spirit, what say?

It is intimated that the Smithsonian Institute has requested the tongue of one of Jonestown's young matrons when she shuffles off this mortal coil and fluffs up with those who have gone to purgatory after devoting a lifetime to slander and character assassination; a life of talk, talk, talk; peddling gossip about her neighbors and devoting her time to dynamiting the characters of boys and girls of the community. She is known as a shrew, and she is feared. Was amused when told the lady was advising a young man not to be seen too often with a girl, because "she is poor, and common; the parent is just ordinary folk." An investigation revealed the pedigree of the "talker" was alarmingly short. Glass house residents should never throw stones, it is written.—Ex.

Ed P. Gibson of the First National bank in Decatur, rode the range with the late Tom Yarbrough on the Waggoner cattle ranch in northwest Texas. Gibson and Yarbrough started to work for the late uncle Dan Waggoner at the same time, when they were boys, and became good cowboys, and they were associated in the banking business in afteryears in Decatur. It is said that Gibson was delegated by the late W. T. Waggoner to purchase the largest bunch of cattle ever to change hands in Texas. Mr. Wag-

FREE PROGRAM FRIDAY NIGHT

A free program consisting of 3 one-act plays by the Dramatic Club and music by the Toy Orchestra of the Primary department will be presented in the high school auditorium Friday night, March 26, at 7:30 p. m.

The Dramatic Club has a membership of about fifty high school students, but very few of them have appeared on the stage previous to this year. For that reason, it was decided by the club to present enough one-act plays to include every member in a cast at least one time, and also that no charge should be made for the plays, since the students would be doing "shop-work" instead of presenting the plays solely to entertain the audience.

The choice of plays, however, is better than it otherwise would be. Publishers have given their permission for the plays to be presented without the payment of royalty, since no charge will be made for them. If a charge were being made, the royalties on the plays which are being used would be higher than the club could possibly afford.

The public is invited to attend the first of a series of such performances, and a full evening of comedy and entertainment is promised.

MONEY GIVEN SCHOOL VICTIMS

Announcement was made today by Governor James V. Allred of the formation of the New London School Memorial Committee, composed of Mrs. M. A. Taylor, of Benham, President of the Texas Congress of Parents and Teachers; Drury M. Phillips of Huntsville, Commander of the American Legion of Texas; George Clark of Austin to represent the Governor; Mrs. Fay Beldeman, President; Mrs. Landon Parent-Teacher Association; and Mrs. R. H. Wittington, President Rusk County Council of Parent-Teacher Associations.

Contributions may be mailed directly to the New London Memorial Committee in care of the Governor's Office in Austin. The Committee appointed by the Governor will handle funds received for this memorial.

Mr. Phillips has already asked commanders of legion posts throughout the state to begin their activities immediately.

"Hundreds of letters and telegrams have been sent to me," the Governor said, "asking information as to where contributions might be made for the purpose of erecting a suitable memorial to the memory of the school children and their teachers. I have determined upon this state committee as the proper central organization for the handling of these funds. I appreciate deeply the proffered services of the State Parent-Teacher Associations and the American Legion in this connection.

"I think it only proper that the voluntary contributions from the citizens of a stricken state and nation for this purpose. The horrible catastrophe touched not only the families and immediate friends of the victims, but has reached out and shocked every home in America. Everyone has felt some personal grief and has mourned with the bereaved parents.

"The State Memorial Committee will not conduct a drive for funds every town through Parent-Teacher and will have an organization set up in Council and The American Legion posts. These organizations will be available to those who wish to contribute any donation, small or large, as their expression of sympathy.

"The memorial will serve a two-fold purpose as a tribute to the passing of those boys and girls and in the full flush of inspirational youth and as a perpetual resolve that no such disaster shall ever again be visited upon any community in Texas."

The Department of Commerce reminds us that in seventeen years the cost of national, state, county and municipal governments has increased 387 per cent. Let's see: How many men did we vote for during that period who promised us they would vote to reduce taxes. Pittsburg Gazette.

goner gave him a check book and sent him to the King ranch in South Texas to purchase thirteen trains of cattle. Gibson bought the cattle and delivered them to different Waggoner ranches in Texas and Oklahoma. It is said, without the loss of salngle head.

OLDEST APPROPRIATION MEMBER GIVES WELCOME TO THE YOUNGEST MEMBER

Congressman Edward T. Taylor of Colorado, oldest member of the Appropriations Committee, welcomes Congressman McFarlane of the committee, the youngest member of the committee, recently appointed to take the

place of the late Chairman Buchanan, deceased, of Texas.

Mr. McFarlane received the unanimous endorsement of the Texas delegation as well as the Ways and Means Committee for this important position.

METHODIST IN REVIVAL NOW

The Methodist Church is in a Pro-Easter Revival with services at night only. Good singing, good fellowship, inspiring preaching. The pastor announces the following subjects for the remaining services: Friday evening, "Jesus or Barabas"; Saturday evening, "Jesus on the Cross"; Sunday morning, "Seven Easter Certainties"; Sunday night, "The Marching Orders of Christ." We are hoping that Sunday will be a great day climaxing the week of services—a day of dedication of children, consecration of members, enlisting Christians not now members, and the winning of those who have never known our Lord as a personal savior. Tender Easter greetings to all, and may we be very happy in the thought that he fellow not a dead Christ, but a risen, reigning, glorified Lord. Bro. Robert James preaches at Shiloh Sunday afternoon at two-thirty.

REIGER STORE IS BURGLARIZED

Burglars entered in the rear of the Reiger Dry Goods Company store Wednesday night and made free with a quantity of men's and boys' suits and women's cloaks, the loss will probably run almost \$1,000.00. The burglary was discovered soon after it was committed by Nightwatchman Cliff Cook, and it is supposed that the burglars kept watch on Cook while they operated. This is the second time the Reiger Co. has suffered loss at the hands of burglars, and it seems that the burglars are discriminating ones, as they select good, stylish suits in their raids. Officers are investigating. They sawed out a panel in a rear door.

Of 311 prisoners committed to the South Dakto penitentiary in the last fiscal year, 198 were between the ages of 17 and 30.

NOTES FROM THE COUNTY AGENT

By D. F. Eaton, County Agent

Timber Poisoning

In the timber sections of the county farmers and stockmen will possibly lose some cattle from eating the tender twigs or buds now developing on the timber. The remedy is preventative and can be avoided by keeping the cattle out of the pastures covered by timber until the leaves are out and the twigs grow tougher which only takes a few weeks.

As soon as the range provides plenty of grass they probably will not bother the timber. The cattle are hungry for green stuff and will eat any new growth in early spring.

Septicemia Spreading

There has been a widespread outbreak of what is apparently hemorrhagic septicemia over the county. The symptoms indicate this disease which cannot be definitely determined except by a veterinarian. At any rate the disease is prevalent in the county necessitating the vaccination of all cattle to protect them from this disease as a type of insurance.

In case you vaccinate them and continue to lose them a veterinary should be called to determine the cause.

There is some hog cholera developing in the county which can only be controlled by immunization.

Practically all of the larger growers of cattle and hogs now vaccinate against these infectious diseases and keep their stock permanently immune.

Darin Wright Had another Champion

Darin Wright again took the champion lamb of the 4-H Club Lamb Show at Ft. Worth last week. He had champion in the medium wool wether lamb class as well as champion of all breeds in the 4-H Club classes. His lamb sold for 75¢ per pound and weighed 120 pounds, with a 3 per cent shrink.

Grady Jo O'Neal was also a consistent winner. His lambs placed 3rd and 4th respectively in the medium wool mutton class.

The Wright lamb also placed first in the cross bred class of mutton lambs.

County Committee Elected

At a recent meeting of the community chairmen who constitute the directors of the county conservation association the following were elected as county committee: Roy H. McChing, W. Henry Walker, and William E. Cary as regular committeemen and C. R. Bridges as alternate.

Leon Atkinson was recommended as range inspector to the State Board and Gus Pickett was recommended as assistant range inspector in case there is need for an assistant. The temporary range directors met with the soil and range conservation committee in an advisory capacity. To date there are 112 applications in the range program involving 69,448 acres of pasture land.

Receiving Farm Applications

Local committeemen and helpers from the office have completed a trip over the county taking farm plans in every leading community. To date they have received around 800 applications which is probably two-thirds of the number that will finally come in before the closing date, which has not been set.

Anyone who cares to make out a farm plan can do so at any time here in the office or by seeing his community committee man on Saturdays.

4-Hs Visit The Fat Stock Show

The weather was a little unfavorable but some four hundred 4-H club boys and girls and their sponsors took advantage of 4-H Club day and visited the Ft. Worth Fat Stock Show.

Each boy and girl was provided with a Wise county badge compliments of the Decatur Chamber of Commerce. These badges were evident on the grounds. This county had perhaps the largest delegation down there unless it was Tarrant county.

This was a great day for the youngsters and they saw one of the greatest exhibits of livestock in the country. They saw many other excellent exhibits. Thanks to the teachers and sponsors.

Congressman Will Rogers of Oklahoma comes out with a fine bill on pensions for the aged. He desires to give to all men and women over 55 years of age a pension. But if you accept this pension and you have gainful employment you must resign from this employment and turn the job over to some one younger.—Rockwall Success.

DECATUR WINS OVER ALVORD

Harmon Field is Scene of Soft Ball Contest Last Sunday

The Decatur Independent Softball team defeated the Alvord Independent Sunday at the Harmon field, 8 to 2.

Buddy Gage, playing left short stop is captain of the team, with V. L. Rosenberg assistant. Decatur has a good team and are ready to meet some strong competition.

Decatur's own gift to softball, "Red" Teague pitched. This was "Red's" finest game of the '37 season.

O. T. Tatum and Buddy Gage carried off with the home run honors, with "Red" following up with two triplebase hits.

The team is made up of Floyd Browner, Catcher, Red Teague, pitcher, Ernest Clay, first base, Bill neighbors, second base, O. T. Tatum, third base, Buddy Gage, L. L. S. Finnis Ford, R. S. S. Morris Wise, Left field, Jeff Odum, center field, Emmett Neal, right field.

The game will be returned Sunday, March 28 at Alvord at 2:30.

DAIRYMEN MEET TUESDAY NIGHT

On Tuesday night, March 30th, at the Court House in Decatur, will be held, what we hope to be the best attended dairymen farmers meeting ever held in this section.

All dairymen, whether you sell milk or cream, are urged to be present. All farmers are invited also, our interest is the same. Come one, come all. Ladies are more than welcome and are urged to attend. Matters of concern will be discussed.

Your welfare is at stake and you will hear things of importance to all. Be with us without fail.

On to the court house. The day night, March 30th, at 8 o'clock promptly.—T. L. BIRD.

New Grocery Firm Opens In Decatur

Mr. J. B. Brandenburg of Jacksboro, has located in Decatur, and has formed a partnership with his brother, E. L., in the grocery business, succeeding Brandenburg & Miller, on East Main Street. Mr. Brandenburg will make Decatur a good, live citizen, and the town is glad to welcome him. The new firm, Brandenburg & Bro., will give Decatur a modern grocery and the producers will find a ready market for their products.

Southern Clinic Is Held at Dallas

The Dallas Southern Clinic Society presented its ninth Annual Post-Graduate Conference the first four days of last week in Dallas. The Society is to be commended for bringing to the south some of the best known physicians, scientists, and teachers in the United States to present the newest methods combating disease. The guest speakers included: Drs. W. J. Dieckmann, Chicago; Geo. Fahr, Minnesota; W. L. Lillie, Temple University; J. V. Meigs, Harvard; W. Mithoefer, Cincinnati; C. M. McKenna, Illinois; C. F. McKenna, Harvard; T. J. Orr, Kansas; W. F. Riemhoff, Johns Hopkins; F. R. Senear, Illinois; and E. L. Serenians, Wisconsin.

All the newest medical publications and instruments were displayed and explained by the publishers and manufacturers. Among which was the new oxygen insufflator which is replacing the expensive oxygen tent, because of the reduced cost to the patient and portability it can be used in the home and is easily operated.

Dr. T. J. Darwin, who attended the Conference with Drs. Lawson and Irbey of Bowie, states that he believes there has been more advance made in medical science in the past year than any previous year since he has been attending the meetings, especially in the handling of pneumonia and diseases limited to women. He purchased for his clinic one of the oxygen insufflators; and will make it available to all the doctors in the county for use in their cases of pneumonia and other conditions where oxygen is indicated.

CARD OF THANKS

We wish to express our sincere thanks to our friends and neighbors who were so kind to us during the illness and death of our beloved wife and mother. May the Lord bless each of you with just such friends in your time of sorrow.

J. P. and Helen Robertson
Mr. and Mrs. Stanley Robertson
C. H. Robertson.

THE CHURCH OF CHRIST

There will be preaching here next Lord's Day, March 28th, by Evangelist Jessie Powell of Arlington, Texas. Bible study at ten a. m., preaching at eleven. Then the Lord's Supper is observed in remembrance of his death, burial and resurrection. Bro. Powell goes from here to Cymmore and will preach there at 2:30 p. m. We extend a cordial invitation to each and everyone who can be present at all services and hear him.

THE Y. W. A.

The May Truett Ward Y. W. A. met at Marjorie Jennings' home on March 23 for a social hour.

Following our opening prayer and song, we had a short business session.

We sang a group of songs by a chain of prayers.

Refreshments were served to eleven members.

It is only a short time until the Baptist Spring Revival begins. Girls, let us all be in the Y. W. A. and have a revival too.

NOTICE OF SHERIFF SALE

By virtue of an execution issued out of the Court of Civil Appeals for the Second Supreme Judicial District of Texas, at Fort Worth, on a judgment rendered in said Court on the 16th day of October, 1936, in favor of Mrs. Lula Anderson and against T. J. Anderson, in the case of Mrs. Lula Anderson, appellant, vs. T. J. Anderson, appellee, No. 13430 in such Court, I did, on the 8th day of March, 1937, at 11:00 o'clock A. M. levy upon the following described tract or parcel of land, situated in the county of Wise, State of Texas, as the property of said T. J. Anderson, to-wit:

An undivided one-sixth interest in and to 200 acres out of the Rebecca Coleman survey, about two miles east of the city of Bridgeport, and known as the William Anderson place, and on the 6th day of April, 1937, being the first Tuesday of said month, between the hours of ten o'clock A. M. and four o'clock P. M., on said day, at the court house door of said county, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said T. J. Anderson in said property, to make the sum of \$26.55, and the further cost of executing said writ of execution, against the said T. J. Anderson and in favor of said Mrs. Lula Anderson, in said above mentioned cause.

Dated at Decatur, Texas, this 8th day of March, 1937.
GEORGE YOUNG,
Sheriff of Wise County.
Pub. Mar. 11, 1937.

FUNDAMENTALIST BAPTIST CHURCH

Scott W. Hickey, Pastor

Spring time is again with us. Sunday was an ideal day. The fine weather and bright sunshine was a beaming call to our people to assemble themselves together at the house of the Lord where, "Mercy and truth meet together, and righteousness and peace kiss each other." Ps. 85:10.

Brother Hickey in charge of all services. He brought to church two inspiring messages, first from Song of Solomon, 2:14, the dove a type of the church, the Bride of Christ.

Lesson for the evening service, Isa. 28th chapter, "Woe to them that are drunkards of Ephraim" who say, "We have made a covenant with death and are in agreement with hell." Such is true with all who are in league with the accursed liquor traffic. Read the entire chapter.

When our government through the power and influence of our president, repealed the Eighteenth Amendment, it made a "Covenant with death, and was in agreement with hell." We are reaping what we sowed.

There were 155 in Bible school. Lesson for next Sunday 19th chapter Rev. Very interesting in the light of these "perilous times." The Stamps Quartette of Dallas, will put on a special musical program Thursday night at the public school auditorium.

Evangelist John R. Rice began a revival meeting Monday night, to continue two weeks. All Christians are

urged to cooperate with us. May we have a real spiritual awakening and many who are sleeping the sleep of death, be awakened and brought to Christ for salvation. Let everyone who loves lost souls be much in prayer.

"Awake thou that sleepest, arise from the dead and Christ shall give thee light."

J. E. BOYD, Rep.

IN MEMORY OF MRS. J. P. ROBERTSON

In the passing away of Effie, we are made to walk nearer our savior for we have one sister more in that heavenly home. She bore her suffering so well; when we would visit her in the hospital, she would always smile and say: "I am alright, don't worry about me." It seems like giving up a mother, for she was always ready to listen to everyone's troubles and try to help find an easier way for us. We will miss Effie and it is going to be so lonely without her.

But the Lord doeth all things best for those who love him. She looked so pretty in her last long sleep. We know she has gone to her mansion that the Lord had prepared for her. She leaves husband, daughter, son, five brothers and one sister to mourn her death.

The pallbearers were her brothers: Lowrey, Clyde, Van, Charlie, Grady Spain and brother-in-law, Gilbert Carr.—Mrs. Clyde Spain.

O. L. Thomas headed a delegation of Decatur citizens who attended the Yarbrough funeral in Ft. Worth.

Mrs. W. W. Shelton Dies at Her Home

Mrs. W. W. Shelton, an honored citizen of Decatur for many years, died at her home here Tuesday night, and buried Thursday afternoon in Bethel Cemetery. Services were conducted at the Fundamental Baptist church by Rev. Hickey. Mrs. Shelton was one of our best citizens, who was loved and honored by all who knew her.

CITIZENS PRAISE WORK OF THE GOVERNMENT

Mayor R. E. Petty received notice that Presidential approval on the construction of a combination fire station and city hall for Boyd, would begin at once.

This work is being financed thru WPA funds, the city paying only a nominal part of the cost of the project. The building will be constructed of native rock.

Last August a gymnasium was completed which was built with WPA funds, and funds raised by voting bonds, this building is the pride of the entire community, it is a combination community auditorium and gymnasium, and has three class rooms. It is truly a building to be proud of, this building will seat over 1,500 and is a long felt need the town and school needed.

January 1st, PWA completed a water system under the direction of PWA Engineer Mr. Key at a cost of \$22,000.00; this work was financed by a grant of PWA of about \$10,000 and a revenue bond for \$12,000; this gives Boyd as good a water system as can be found in Wise county.

We think what assistance the Government has given the citizens of Boyd will add much to the beauty of our city and community and will be a lasting good, we have always found the PWA and WPA authorities anxious and ready to render any advice wanted.

Our citizens would not be unmindful of the graving of the to market roads our community has also received, we especially appreciate the

Capital News Letter

By W. D. McFarlane, M. C.

NEUTRALITY

After debating the McReynolds Neutrality Resolution, H. J. R. 242 Monday, Tuesday and Thursday, the House finally passed this bill Thursday afternoon by a vote of 374 to 12. H. J. R. 242 was substituted by the House for S. J. 51, which passed the Senate the week before. This measure now goes to conference for the differences to be worked out between the House and Senate. The measure, as it passed the House, continues the present temporary neutrality act and put this legislation on a two-year trial basis, as a national peace policy. The House bill allows the President wide discretionary power relative to the "Cash and Carry" provisions of the bill. It would permit the President in case of Foreign wars or civil strife to prohibit by proclamation exporting of arms and munitions to belligerents and any other goods he finds might endanger the security of the United States.

TREASURY POST OFFICE BILL

The Treasury Post Office Bill, H. R. 4720, was passed by the Senate last Wednesday afternoon. The measure as it passed the Senate, appropriates \$719,844,810 for the operation of the Treasury Department during the fiscal year ending June 30, 1938, and provides \$785,323,477 for running the Post Office Department for that time. The Senate eliminated the amendment inserted by the House, prohibiting the use of Executive Department employees for Congressional investigations. The measure now

goes to conference to iron out the differences between the House and Senate.

RURAL ELECTRIFICATION ALLOCATION MADE FOR TEXAS

An allocation of \$530,000 was made on Friday, for the construction of rural electric distribution lines in Denton, Cooke, Grayson, Collin, Tarrant and Wise counties, Texas. It is contemplated that these funds will be loaned to a nonprofit corporation that will be formed for building these lines which will take electricity energy to approximately 1,545 farm homes in these six counties.

NAVY SUPPLY BILL

This Measure H. R. 5232, which passed the House on March 5th, was reported favorably by the Senate Appropriations Committee on Thursday. This bill appropriates approximately \$512,847,000 for operation of the Department during the fiscal year of 1938, including \$120,000,000 for construction purposes.

SUBCOMMITTEE ASSIGNMENTS

The writer was assigned to the powerful Agricultural Subcommittee of the Appropriations Committee of the House on Saturday. He was also placed on the Legislative subcommittee. He feels that he can be of great assistance to the farmers of Texas by being on this Agricultural subcommittee.

STATE, JUSTICE, COMMERCE AND LABOR DEPT. BILL

The State, Justice, Commerce and Labor Departments appropriation bill was reported favorably by the House Appropriations Committee Friday. This measure, H. R. 5779, calls for the appropriating of approximately \$121,222,000 for the maintenance of the four Departments for the fiscal

HINES AND PASCHAL CONFER WITH THE WPA OFFICIALS

W. E. Hines and E. L. Paschall, commissioner, were in Ft. Worth first part of the week where they conferred with WPA officials in regard to building a road to the lake. It seems probable that such a project will be granted in the near future.

Plans for the road are grading the road, making sufficient drainage ditches, and placing a sledge stone base twenty feet wide and six inches thick. It is understood that the four county commissioners have agreed to furnish a truck each making four trucks on the job. Commissioner Paschall says that he has only a limited amount of money for the work, but is ready to do as much work on this needed road as he can.

This is a piece of work that is

year of 1938. This legislation will be debated by the House this week beginning Monday, March 22nd. It will likely be before the House most of the week.

JUDICIAL REFORM

The Senate continues this week its hearings on the President's Court proposal. The Committee had before it during the week Professor Leon Green, of Northwestern Law School, Dr. Edward S. Corwin, Professor of law at Princeton, Honorable John T. Deane, President of the National Lawyers Guild, formerly Chief Justice of the Supreme Court of Minnesota and Honorable Robert Jackson, Assistant Attorney General.

All of these and many other eminent students of law, have stressed the importance of adoption of the President's Judicial Reform program. To the average minded person, they have exploded most of the critics propaganda generated by the same reactionary forces of the past three campaigns and have shown clear convincing reasons why the addition of new blood to the Supreme Court is badly needed at this time. It has been carefully pointed out that practically the only consistency of the Supreme Court's decisions, is their inconsistency, whether in construing state's rights of legislation affecting hours, wages, rate cases or most any of the economic philosophies and policies upon which they have written.

The writer has spoken this question, and has partially analyzed some of their important decisions, upon which they have held with the classes against the rights of the masses upon tax matters alone and have favored the wealthy, in nullifying the constitutional provisions of our tax laws and have chipped away the constitution's meaning on several of the cases amounting to more than \$10,000,000,000. I will set forth some of these many cases in future letters.

badly needed, not only for the people in this immediate community but for the whole county as well. It is a project upon which the Lions Club has shown a great deal of interest.—Bridgeport Index.

The bureau of Agriculture engineering is studying types of farm bus most satisfactory for preserving and improving quality of stored wheat.

Structural steel workers traditionally quit work for the day whenever a fatal accident occurs on a fellow worker.

Between 1915 and 1930, 75,000 more boys than girls were born, and 1,175,087 more men than women died in the United States.

BUY IT IN DECATUR

Woman's Miss. Society

The Bible Study of the Woman's Missionary Society of the Methodist church met Monday March 22, in the home of Mrs. John Scott with Mrs. Barney Shoemaker co-hostess.

Lesson No. 31, "Which Master, God or Mammon?" found in Luke, chapters 14, 15 and 16, was studied under the leadership of Mrs. L. W. Keith, who in her capable manner drew all into the interesting and helpful discussions.

Refreshments were served to twenty six guests.

The society will meet Monday, April 5, in circles.

In circle No. 1, Mrs. A. B. Van Meter will review the book of Ruth. Members of circle No. 2 will discuss some of the important men of the Bible.

NOTICE OF ELECTION

Notice is hereby given that an election will be held in the city of Decatur, Texas, on the first Tuesday in April, 1937, the same being the 6th day of said month, to elect three councilmen, to-wit:

- One Councilman for Ward No. 1.
- One Councilman for Ward No. 2.
- One Councilman for Ward No. 3.

All the qualified voters who are entitled to vote at the general election and who reside in the City of Decatur, shall be entitled to vote in this election. Said election shall be held under the general election laws of the state of Texas, and the returns thereof made according to the laws of said state.

A copy of this notice shall be published in the Wise County Messenger a newspaper published in the City of Decatur, Texas, in three issues preceding said election.

Given under my hand and seal of office in the city of Decatur, Texas, this 10th day of March, 1937.

Aubrey Ingram, Mayor.
H. M. Foster, Sec. of the City of Decatur, Texas.

MORE LIGHT in the Kitchen

MORE LIGHT in the Living Room

MORE LIGHT in the Bedroom

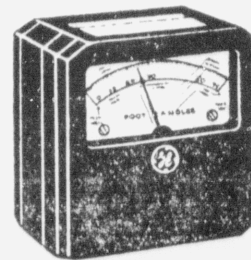

Ample light beautifies the home while it saves the eyes!

You use paint to beautify the home—why not use light for the same purpose, especially now that light is so cheap! Thanks to lighting rates which were never as low as now, you can use light to attract as well as rest the eye. Get a few light bulbs of higher wattage than you have been using. Screw them into your sockets. Turn them on. Notice how much brighter and more cheerful they make your rooms look. Chances are, you'll never notice any material difference in your lighting bill.

Go over your entire home and remove all darkened bulbs, all lamps which give a dim light. Replace with new lamps. You'll find your home a more pleasant place evenings, and you'll not feel tired and sleepy so early in the evening, either.

TEXAS POWER & LIGHT COMPANY
Electricity is Cheap
Use it freely

Zanol Products

We have been given the agency for the Nationally Advertised Zanol Products. Perhaps you do not know what they are. They are household necessities manufactured by Albert Mills, the President and founder, who stands behind a guarantee for their absolute purity, high quality and freshness. They are manufactured in a seven story, million dollar plant in Cincinnati, Ohio by automatic machinery, supervised by skilled operators, under Pure Food Laws.

A few of the products consist of Ezemad Biscuit Flour, Pie Fillings, Coffee Tea Extracts, Flaky Pie Crust Flour, Ezemad Cake Icing, Ezemad Desserts, Tapioca Padding, and Delicious, Nourishing Beverages.

A great variety of Kitchen and Household Cleaners and Polishers, Washing Powders, Starch and Stain Removers, Moth Balls, Shoe Polish, Insect Powder. Last, but not least, a great variety of Modern Beauty Aids: fine Face Powder, Perfumes, Cold Cream, Rouge, Sweet Almond Hand Lotion and many other items too numerous to mention.

We would be pleased to have you call at my store, investigate, and leave an order for your needs

WITH YOUR ENGINE OIL-PLATED

OIL-PLATING differs widely from other forms of lubrication in this plain, understandable way: It remains lastingly fastened to the pistons, bearings and other engine parts, even when they are not in motion. This is made possible by the Germ Process—patented—which gives Conoco Germ Processed oil its strong attraction for metals, so that every working part becomes durably Oil-Plated.

Oil-Plating is not like any lubrication that merely goes on-and-off. Once Germ Processed oil covers the parts it never leaves them bare of Oil-Plating . . . Never when the pistons are racing thousands of strokes a minute . . . Never on any hills, despite any load . . . Never while you park at a dozen different stores.

So it's nothing to you, when engineers blame more than half of all engine wear on so-called "dry starting." Nor need you worry over all the rest of the annual Spring oil scare. Whether your car is new or old, you can make your longer runs . . . hit your higher speeds . . . enjoy your hotter sunshine. Oil-Plating can take it like the longest-lasting part of your engine. For Oil-Plating really becomes a long-lasting part of your engine, as you change to long-lasting Conoco Germ Processed oil. Continental Oil Company

IN MEMORY OF MY DEAR SISTER
MRS. J. R. ROBERTSON

My Dear sister has gone from this world of suffering, gone to live with one she loved, our Lord and Savior, Jesus Christ.
I will miss her more than words can express, miss that sweet smile that was always on her face when she saw me coming. Hard as it seems we would not be contrary to our Lord's will, for we know he loves us too much to be unjust to us.
How pretty and sweet she looked in her last sleep; her face so calm and peaceful, no more suffering was there. I will never forget that sweet smile on her face as she entered that pretty white city paved with pure gold. She has gone from this life, but as the sweet perfume of the selfish, christian life lingers around her, so will the fragrance of her beautiful rose lingers on the night her loved ones and friends to cheer the dark hours.
Sister—Mrs. G. G. Carr.

BAPTIST CHURCH

Miss Blanche Groves returned Missionary from China, will speak at the Baptist Church at Sunday morning at 11:00 o'clock. Miss Groves returns to China early in April, and this will be the last opportunity a Decatur audience will have of hearing her before she sails for her far-away field of labor. Nowhere else in the world has the gospel had more thrilling triumphs in recent years than in China and the opportunity of hearing the story of these victories from the lips of one who has witnessed them is a rare privilege. All the members of the church will want to hear Miss Groves and the public is generally invited.

Just before the address of Miss Groves, the committee appointed some weeks ago to recommend a plan for raising money to erect a Sunday school building will make its report.

The spring revival meeting of the church is to begin April 18 and plans are in the making for a young people's revival to begin a week earlier. The young ministers in the church will do the preaching during this week, and the young people will make the plans and lead in all the activities.

Pastor R. E. Bell will preach next Sunday night.

CITATION BY PUBLICATION

THE STATE OF TEXAS,
To the Sheriff or any Constable of Wise County, Greeting:
You are hereby commanded to summon Benjamin A. Parish by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Wise County, to be holden at the Court House thereof, in Decatur, Wise County, Texas, on the 4th Monday in May A. D. 1937, the same being the 24th day of May A. D. 1937, then and there to answer a petition filed in said Court on the 27th day of February A. D. 1937, in a suit, numbered on the docket of said Court as No. 6712, wherein Mittie Edith Parish is Plaintiff, and Benjamin A. Parish is Defendant, and said petition alleging that Plaintiff is a bona fide resident of the State of Texas, having lived here continuously for more than a year next preceding the filing of this petition, and that defendant's whereabouts is unknown to plaintiff; that said plaintiff and defendant were married in Rush Springs, Grady County, Texas on the 4th day of May, 1925, and has lived with defendant as his wife since said time and until on or about the 13th day of December, A. D. 1936.

That plaintiff, during the marriage as aforesaid to defendant had two children born to the marriage, to-wit: Beatrice Parish, a girl now about two years old, and Jo Ann Parish, a girl now about 2 years old.

That plaintiff, during said time conducted herself with property, doing her duty as a wife and treated her said husband with kindness and forbearance at all times, but that defendant, disregarding the solemnity of the marriage vow, and his obligation to treat plaintiff with kindness and attention commenced a course of unkind, harsh and tyrannical conduct toward her, which continued with slight intermission until plaintiff was forced to leave the defendant, and did leave on or about the 13th day of December, 1936, and because of the aforesaid excesses, cruel treatment and outrages on defendant's part that their longer living together as man and wife is insupportable.

Plaintiff further shows that she is in very destitute circumstances, and defendant is in possession of personal property which belongs to the community estate of the approximate value of \$1,000.00, and that defendant's income is some \$100.00 per month.

WHEREFORE plaintiff that defendant be cited herein to appear and answer this petition, that on final trial hereof that plaintiff be awarded the custody of the two said minor children, and that defendant be ordered to provide a proper and suitable amount for the care and support of said minor children, for

costs of suit and for such other and further relief to which she may show herself entitled.

SEWELL & BURTON,
Attorneys for Plaintiff
Herein Fail Not, and have you be-

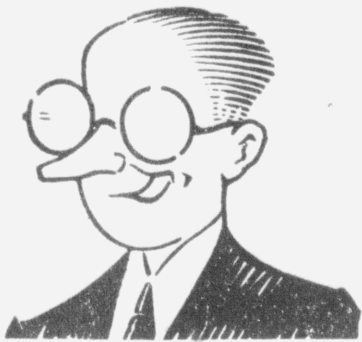

fore said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND and the Seal of said Court, at office in

Decatur, Texas this the 18th day of March A. D. 1937.

FAY WALKER, Clerk, District Court, Wise County.

GEORGE YOUNG, Sheriff, Wise County.

PUBLIC INTEREST
DEMANDS FAIR PLAY!

Texas now has good state laws for the regulation—in the public interest—of all transportation. These laws are helping to stabilize transportation, and all business and industry that has to use transportation. These laws are helping to reduce the terrible accident toll on your highways. They are helping to conserve your investment in your highways.

Regulation of transportation in the United States has been developed over a period of fifty years. Reasonable regulation is admitted to be both advisable and necessary in the public interest.

Strict regulation of one form of transportation and the lessening of regulation of any other form is unfair and un-American, and can only result in crippling that part of your transportation facilities which is handicapped—

without any resulting benefit to the people of Texas.

Texas railroads obey the rules of the game,—those imposed by the agencies of government and those taken on voluntarily in the interest of public safety.

Texas railroads are spending this year, large sums of money for new and modern equipment—locomotives, freight and passenger cars, improved rail and roadbed facilities, and are expediting freight and passenger schedules to meet growing public demands. All of this is being done in the interest of improved service to the public and at the lowest rates in twenty years.

All the railroads of Texas are asking—have ever asked—is a FAIR DEAL in a fair field.

QUICK FACTS ABOUT FORD'S NEW "ECONOMY CAR"

•The new Thrifty "60" Ford V-8 is a big car. Same bodies and wheelbase as the Brilliant "85." But the engine is smaller—and the price lower!

•At 25 miles per gallon, the tank holds gas enough for an all-day drive.

•You drive 2,000 miles between oil changes—and then you need only quarts for a filling.

•The lowest priced Ford in years, and the lowest priced "8" in America!

•You get a choice of 5 models in the new Thrifty "60".... and a choice of 3 colors on each.

Built in Texas by Texas Labor

HERE'S an "economy car" that doesn't cut down on room, comfort, or beauty. Furthermore, you get a modern V-8 engine—smooth, responsive and quiet. You get sweeping modern lines, rich finish, deep upholstery and fine appointments. You get a safe car, with all-steel top, sides, and floor—and Safety Glass all around. You get a car that makes a dollar deliver more miles than any Ford has ever offered before. Get acquainted with the Thrifty "60" today. YOUR FORD DEALER
